The following action is in response to the amendment filed for application 10/618,340 on January 12, 2006.

### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Andreas Grubert on February 22, 2006.

The application has been amended as follows:

In Claim 10:

on line 7, after "plate channels," "said plate channel" has been replaced with  
--said plate channels--.

### ***Allowable Subject Matter***

Claims 1-11, 16, and 19-27 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art of record fails to show or render obvious the hydraulic motor vehicle gearbox control device as claimed, and particularly including a plastic hydraulic distribution plate having channels extending therethrough for receipt of hydraulic fluid; an integrated metal base plate for receipt of an ECU for the gearbox, wherein the channels are in contact with the metal base plate, and including the remaining structure of claims 1, 10 and 16, respectively.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
